Scarborough's Secret Garden

This is your chance to own an incredibly charming, fairy-tale cottage with wood-burning fireplace on a massive 60 x 213 foot lot surrounded by greenery, in the city. There are so many wonderful places to sit and cozy up. Maybe it's reading your favourite book by the fire in the sun-drenched living room. Maybe it's in the spacious, fully upgraded and modern eat-in kitchen. Maybe it's in the delightful, open-concept family room that walks out through French doors to the cinematic and oversized porch. Maybe you just want to work on your memoirs in the backyard office/shed with major room-of-one's-own vibes. 3 generously sized bedrooms include a secluded and private main bedroom with large ensuite and oversized walk-in closet. The backyard is truly a magical oasis, professionally landscaped, with gardens already in place. Plant your own flowers and
